Playsculpture chillen

If they want to unwind, talk or play with friends, children will look for a very specific place. The modern design of the «chillen» playing bench encourages movement and togetherness, not only for sitting but also for lounging and sliding.

Design:

All objects originate from a single form – the so-called double helix, the form of the DNA strands of all living things. They thus have an energising and harmonising effect on people and the environment.

Material:

All products are constructed using 100% ecological and sustainable Accoya wood, and have a minimum outdoor life span of 25 years. They are low-maintenance and resistant to vandalism.

Safety:

All objects are manufactured according to European safety standards for playground equipment SN EN 1176.

Tech. Specifications:

Length: 248 cm
 Width: 165 cm
 Height: 82 cm
 Weight: 220 kg
 Critical fall height: 82 cm
 Freestanding available
 Number of foundations: 3
 Construction time (approx.): 2 pers. à 2 hrs.
